KEYBANK CENTER MISSION STATEMENT AND PHILOSOPHY

Customer Service is the number one priority for any business. At KeyBank Center, Customer Service is our lifeblood. Our simple philosophy is this: **When guests attend events in our building and have a safe & enjoyable experience while doing so, they will want to return. Conversely, if they have an experience that is less than satisfactory, they will not want to return.**

Patron expectations are high. They are making an investment in time and money to attend an event at KeyBank Center and expect a return on their investment. While we cannot determine the outcome of a sporting event or the performance quality of the talent on stage, we can affect several things that can "make-or-break" an evening for someone. Providing friendly, courteous, and efficient service is imperative.

As a member of our Event Staff, you will have the most direct contact with the public of any member of our organization. Your primary concerns are to heighten the enjoyment of all guests at our events, while providing for their safety at the same time. Preparation and hard work go into every event that is held at KeyBank Center. It is important that you take your role seriously, as you represent every other member of our organization and their desire to bring quality entertainment and memorable experiences to our guests.

KEYS TO EXCEPTIONAL GUEST SERVICE

While the performance on the ice, field, or stage is the original focus of our guest's expectations, your performance on the front lines has a greater impact on their overall experience. Event staff members have more opportunity to interact with our guests than any other employee. By approaching each situation with an open mind and positive attitude, our goal of exceptional customer service will be attainable.

Here are some keys to remember:

- Communication, not only verbal, but also non-verbal, will set the tone of any interaction and can have an effect in the response of others. This applies to your dealings with both guests and co-workers.
    - Verbal: speak clearly, use plain language, always be polite & professional.
    - Non-Verbal: posture, facial expression, eye contact, gesture, and tone of voice.
- You cannot be an effective communicator without being an effective listener. Being an effective listener entails maintaining eye contact, asking questions when something is not clear, and repeating facts back to guests. This will ensure that not only you understand what they are saying, but they know you understand it as well.
- Invest yourself in our guests' experience. Follow through on guests' concerns so that they can be addressed and corrected if necessary.
- You are witnessing our guests' experiences first-hand and can help us continue to improve the quality of guest service we provide, by informing management of any comments or concerns that you may have. Expressing concerns and asking questions is a valuable tool and your feedback is extremely important in helping us meet and exceed our goals.

EMPLOYEE GUIDELINES & POLICIES

Employment at KeyBank Center does not empower an employee to take liberties contrary to building rules.

As a member of KeyBank Center Event Staff, one of your primary responsibilities is to ensure that only guests with the proper ticket to an event are permitted access to the arena and the seat location they are ticketed for. When working a guest entrance point, should you encounter a guest attempting to gain entry without a valid ticket, you must immediately call for a Supervisor or Manager. In the event a Supervisor or Manager is not immediately available, politely ask the guests to step to the side of the access point and wait for a Supervisor or Manager to assist them.

DURING ALL EVENTS:

- Ensure that only guests with the proper ticket to an event are permitted access to the arena and the seat location they are ticketed for.
- Unless relieved, or in an emergency, Event Staff may not leave their post or assigned area unless cut by a Supervisor or Manager.
- Event Staff are expected to be at their post, alert to everything in the assigned area.
- No eating while on duty.
- No smoking while on duty.
- No gum chewing while on duty.
- Breaks are intended for restroom use only. Ushers may call their Head Usher and Security Officers on a fixed post may call their Supervisor. At no time should a post be left unattended.
- Event Staff members are not permitted to bring personal radios, headphones, hand-held TVs, video games, reading materials, etc.
- **The use of phones of any kind including use of a cell phone for text messaging while on duty is strictly prohibited. In the case of an emergency, calls should be directed through the security base at 855-4414.**
- **Phones may be used to direct patrons with the Buffalo Sabres app.**
- Televisions located in all areas of the building are intended for our patrons and/or media guests. At no time should employees adjust the settings (channels, volume, etc.) on a television located within the arena. These settings are controlled from the arena Communications office, and not at the individual TV locations. The client renting our facility determines the programming on these televisions.

DURING SABRES GAMES:

- Ushers on the 100 and 300 Levels during hockey games must walk their aisle at the TV time-outs of each period observing the sections and remaining visible to our guests. Ushers on the 100 Level must walk to the front row and then back to the top of their aisle. Ushers on the 300 Level must walk to the front row and observe their sections throughout the break. Due to the layout, ushers on the 200 Level can observe their sections from the concourse.
- Security Officers on the 100 Level and 300 Level must also walk their assigned aisles. Security Officers must walk their aisles while the puck is **in play** in order to afford a better view of the seating area.

ENTERING AND EXITING PROCEDURES:

Employees are required to enter only through the Security Entrance, unless directed otherwise by arena Management. Staff is required to swipe their ID cards at the readers at the Security Entrance each time they enter the building. Employees are permitted to exit the building through the Pavilion, immediately following the event.

In addition, employees are not permitted to loiter in the marshalling area before or after an event.

TIME CLOCK PROCEDURES:

Security and Usher staff members are required to punch-in and punch-out for each event worked.

- The time clock location is at aisle 17 on the 100 Level. Some staff may be directed to use the time clock near Operations if they are scheduled for an early or late post. The time clock near Operations should only be used if directed by Management.
- **Employees are able to punch in no more than 15 minutes before their scheduled shift.**
- If an employee arrives after their scheduled call-time, the actual time will be recorded and minimums will not apply.

DRESSING ROOM HALLWAY/MARSHALLING AREA:

The Dressing Room Hallway, located between the Marshalling Area and the Floor Access area is used for the teams, artists, and touring acts that perform at the arena. This area is off-limits to all staff not working directly in this area. Staff members are not permitted to loiter in the marshalling area while waiting for other staff pre and post event. This area needs to remain clear for players, performers, and staff members still working in and around the area. Employees needing to wait for other staff members should do so in the employee break room, locker room, or outside.

Employees may not use this hallway as a "cut through" before, during, or after an event.

Only those with approved credentials or staff assigned to work these areas are permitted access to this hallway.

AUTOGRAPHS AND SOUVENIRS:

In order to provide a comfortable and professional environment for our clients (teams, performers, etc.), employees are not permitted to solicit autographs or souvenirs before, during, or after their shift at the arena. In addition, artist, players, and performers should be allowed a direct, unimpeded route when entering or exiting the building.

Employees are prohibited from taking souvenirs from the building at any time. i.e. broken hockey sticks, pucks, lacrosse balls, etc.

Along with the Autograph policy, staff members are prohibited from bringing cameras of any kind, including cell phone cameras, for use in the building. At no time may staff members take photos of an event set up, event/game, or event tear down.

Employees should not seek Meet & Greet opportunities.

PROMOTIONAL HANDOUT ITEMS:

Promotional handout items are intended for our patrons that purchase tickets to a specific event. Staff members are not permitted to take these items, as we need to ensure that all ticket holders have an opportunity to receive one.

MEDIA CATERING / DINING AREAS:

Unless assigned to a specific post at this location, the Catering Room is off-limits to all arena event staff. KeyBank Center does not provide meals. Staff assigned to this room are not permitted to eat or drink the client's product.

BOX OFFICE ACCESS:

The Box Office is off-limits to all personnel not working directly in the Box Office. Employees interested in purchasing tickets to events must do so prior to or after their shift. **Employees are not permitted to purchase tickets while in uniform or while punched in for an event.**

SABRES STORE:

Employees interested in purchasing items from the Sabres Store must do so prior to or after their shift. **Employees are not permitted to purchase items from the Sabres Store while in uniform or while punched in for an event.**

FAMILY AREA:

The Post Event Family Area (following events such as Sabres and Bandits games) and Meet and Greets at other events are off-limits to arena staff and their guests. **Employees are not permitted to linger in these areas for reasons of safety and security.**

EMERGENCY CALLS:

In case of emergency, you can be reached through the Security Base at (716) 855-4414. Personal calls of a non-emergency nature will not be accepted.

FAMILIES / GUESTS:

Family members and/or guests of employees must possess a valid ticket to an event to enter the building. Family members or guests should not be brought to work, and if arriving at the arena with an employee, must wait with the general public until the doors open so they can go through proper screening procedures. These persons are not permitted in the back of house or other restricted areas, and must enter the building through the public entrances.

Family members and guests of employees should not be brought into the building ahead of any other ticket holders, nor should any special arrangements or considerations be made for them.

CALL TIME:

Call Time is when staff is expected to begin work. Call Time is usually 15-30 minutes prior to the opening of doors for most event staff, unless scheduled otherwise. Staff is expected to be ready for work (punched in, assignment known, in full uniform, etc.) at this time.

POST ORDERS:

Event Staff should have complete knowledge of their post orders, and are not permitted to leave their posts until properly relieved by their supervisor. In addition, intermission at an event is not a break time for staff. Ushers are to remain inside the arena bowl, not on the concourse. Security Officers must stay at their designated post or assigned area.

PRE-EVENT MEETING:

At call time, there will be a pre-event meeting prior to every event in the arena. The meeting will take place at the punch-in location, at aisle 17 on the 100 Level.

All staff, unless approved by a Manager are required to be at this meeting.

All staff must be punched in, in full uniform, and ready to work at their designated call time. Staff members in need of flashlight, earplugs, batteries, etc. should request these items from an Event Supervisor before the meeting starts.

SOUND CHECK:

All sound checks are closed to all Event Staff. All personnel (unless performing a pre-approved job duty in the seating bowl) are prohibited from entering the seating bowl to watch sound check for any show.

EVENT NOTES:

Event Staff are required to read and keep a copy of the Event Notes distributed prior to each event. The Event Notes are designed to give details specific to each event, so that Event Staff may offer information and assistance to guests. They also include upcoming events, and updates that need to be communicated to the Event Staff from the Operations Department.

EMPLOYEE HOTLINE:

Ushers and Security Staff can call the **employee hotline at (716) 855-4171** to call off for an event or for updated information on events. This phone number CANNOT be used to sign off for events.

CALLING OFF:

When calling off for an event, staff must call the employee hotline and leave a voice message detailing the following: Name, event, and date calling off for. You may also e-mail Operations at arenaops@sabres.com with the same information to call off for a shift. You may also submit a form through https://onebuffalo.formstack.com/forms/event_staff_call_off. Call offs received after your designated call time will be considered a no show. Please note, that a doctor's note does not excuse call offs.

When calling off for an event as a result of your commitment to your primary job, this call-off may be excused only under the following circumstances:

You are faced with mandatory overtime, or are called in to work a mandatory shift, neither of which was previously scheduled. You must send a letter detailing the reasons for this call-off within 14 days of the call-off. If a letter is not received in this time frame, you will be charged with a call-off.

This letter must come from your supervisor and must be on your company's letterhead.

Please note that the following scenarios will not excuse you from receiving a call off:

1. When an event is scheduled during your normal work schedule. You are required to sign-off to avoid the conflict.

2. After the schedule is made, and you realize that you are scheduled for an event that you cannot work. Again, signing off is your responsibility.

IMPORTANT: You may not call off using the online scheduling system. Once an event is scheduled, you must use the hotline or email address to call off for an event. Also, do not leave a voicemail for a manager or the Operations Coordinator regarding a call off. Messages left on extensions other than the hotline will not be accepted and the employee will be given an unexcused absence.

SIGNING OFF:

During the 2009-2010 season we implemented a web based scheduling system. Employees aware of events that conflict with their personal schedule must sign off by logging on to www.cleverschedules.com . Employees that do not sign off are considered available to work and may be scheduled.

Quick Start Guides that give step by step directions to the online system are available in the Operations Office and at the back of this document.

You may **NOT** sign off for events by leaving messages on the hotline, the Operations Coordinator line or the Managers direct lines.

Once scheduled, a call off must be used if you are unable to work the event. Excessive call offs will not be tolerated and may be cause for disciplinary action up to and including termination.

STANDARDS OF CONDUCT

Each Employee has an obligation to observe and follow the company's policies and to maintain proper standards of conduct at all times. If an individual's behavior interferes with the orderly and efficient operation of a department, corrective disciplinary measures will be taken.

Disciplinary action may include a verbal warning, written warning, suspension and/or discharge. The appropriate disciplinary action imposed will be determined by the company. The company does not guarantee that one form of action will necessarily precede another.

The following may result in disciplinary action, up to and including discharge:

- Violation of the company's policies or safety rules
- Insubordination
- Unauthorized use or illegal possession of alcohol or controlled substances on work premises or during work hours, while engaged in company activities
- Unauthorized possession, use or sale of weapons, firearms, or explosives on work premises

- Physical harassment
- Sexual harassment
- Disrespect toward fellow employees, visitors, or other members of the public
- Performing outside work or use of company property, equipment, or facilities in connection with outside work while on company time
- Poor attendance or poor performance

These examples are not all-inclusive. We emphasize that discharge decisions will be based on an assessment of all relevant factors.

Nothing in this policy is designed to modify our employment-at-will policy.

As communication methods continue to evolve, we recognize the value of shared guidelines and practices for communication in caring and respectful ways with our employees and customers while always maintaining our high standards and ethical practices.

We respect the rights of our employees to use social networking sites as mediums for self-expression and communication. The Buffalo Sabres reputation in the community and our relationships with employees, clients, and customers are valuable assets of the company. - You are personally responsible (and in some cases potentially legally liable) for any social media communications you post that have any reference to the Buffalo Sabres (hockey and/or business operations). Posting that comments are solely yours and they do not represent the views of the Buffalo Sabres WILL NOT remove the onus of personal responsibility for your comments.

- Divulging confidential and proprietary information about the Sabres, its players, coaches, team management, or the NHL will result in disciplinary action, up to and including discharge.

- It is a violation of this policy to publicly post derogatory comments attacking the products, services, and/or performance of the Sabres, its players, coaches, team management, or the NHL.

- The Buffalo Sabres maintain the right to monitor its presence on social networking sites including postings that are public or readily viewed by employees, vendors, clients, or customers.

- Remember that there are always consequences to what you post. Ultimately you are solely responsible for your social media communications.

EMERGENCY PROCEDURES

In the event of a power failure or an emergency, the role of our staff members is critical in conducting an expedient and safe evacuation. If an evacuation is required, you will be notified by your supervisor to begin the process. It is important that you always be aware of where you are and where the nearest exits are in relation to your location. The following guidelines should be followed:

1. All staff members are to remain on their level should an emergency arise.

2. If the lights go out, flashlights are to be turned on and kept on.

3. Listen for an announcement regarding further instructions. Messages will be broadcast on both the radio and the public address system.

4. Should an evacuation be ordered, all patrons are to be directed to the nearest stairwells with an exit sign posted above them. Event Staff members must be aware of patrons needing assistance in cases of emergency or evacuation. The patron's location must be recorded and reported to Supervisors and Emergency Medical staff. Emergency Medical staff has the equipment and are trained to assist these guests. Elevators should not be used during an evacuation. Most importantly, remain calm. The calmer our staff appears the more secure our patrons feel. Remember, the main objective is to exit the crowd safely and expediently.

5. Talking on the radio should be kept to a minimum and should be used for emergencies only.

6. Pavilion security and ticket takers should ensure that all exits and pathways are open and unobstructed.

Staff members should direct guests to the nearest emergency exit. Doors should be opened, and any obstructions should be cleared.

If smoke is detected in any stairwell, patrons should be directed away from that stairwell and the door should remain closed.

Introduction to Cleverschedules

Cleverschedules is an internet-based scheduling program for KeyBank Center Event Staff employees that is designed to allow you to easily manage your schedule. This website has undergone an update as of August 2022.

Using this site, you will be able to sign off for events and upcoming dates that you are not available to work. In addition, you can view upcoming events, and view, print, and save your schedule.

When your 2-week schedule for the upcoming period is completed, you will be notified via email directing you to go to the site. If you do not have an email or do not check it frequently, the schedules will be posted no later than Tuesday at 5:00 PM during scheduling week.

If you do not have an email address or access to a computer, workstations with the website will be available for use in the Operations office. This guide will provide instructions on how to navigate the site if you are unfamiliar with working on a computer. In addition, someone from the Operations staff will be available to assist you in the process if necessary.

Scheduling will be done on a rotating 2-week basis. The deadline to sign off for events in the scheduling period is 5:00 PM on the Monday of scheduling week, for events within the scheduling period.

Please note, the Cleverschedules website can be challenging to use on a mobile phone. We recommend using a desktop computer or a regular internet browser to access the website, so no issues occur.

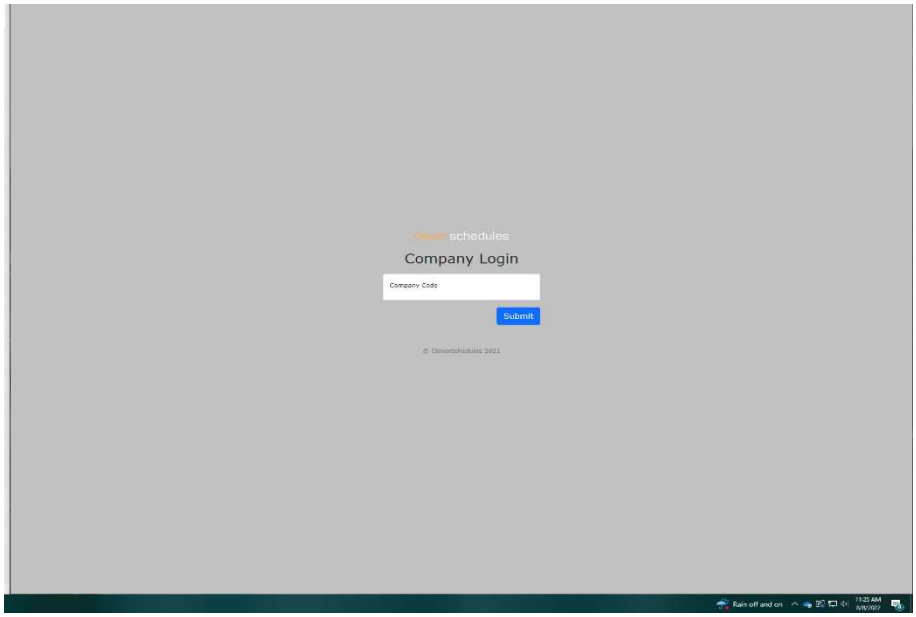

This manual will assist you in navigating the site. Should you have any questions or need additional assistance, please contact the Operations Department.
